Follow National Geographic Adventurers of the Year Amy and Dave Freeman as they ride 1,215 miles across Minnesota to encourage Minnesotans to get out and vote for Boundary Waters champions in this year's midterm elections.

Towing a canoe behind them, Amy and Dave will travel through all eight Minnesota State Legislative districts, connecting with communities and raising awareness about the need for permanent protection of the Boundary Waters—and how Minnesota can act to safeguard this special place, forever.

Join us in powering the ride. Become a Pedal to the Polls sponsor and help bring the Boundary Waters message to communities across Minnesota.
